

Early Award Scholarships

Your child can earn up to **\$3,000** now
to pay for career training or college
after high school!

Here's How...

imagine-early.org

imagine-early@cfwabash.org 260-982-4824

1. Enroll at imagine-early.org

Fast and easy!

2. Encourage your Student to Complete their Schoolwork

When your student completes their schoolwork, they qualify for scholarships each quarter. Additionally, you may earn a \$50 savings match each year when you show proof of a \$20 deposit into your child's 529 account both semesters.

Grade	Scholarship or Savings Match
Birth - 12	Savings match (optional)
4-8	All Reading, Math, and Language Arts Assignments and Career/College Activities
9-12	Participate in a club or sport, volunteer, work, leadership, career exploration
Total	
\$3,000	

When a whole community invests in your child, it makes them feel special. You see them believe in a future that has endless possibilities. This is what the Community Foundation of Wabash county does. Our children know they have a scholarship fund and work harder in school because they know they can make their fund grow on their own! It really reinforces life skills that we want our children to have!

— Amber B, Parent

3. Watch Scholarships Grow

Each school quarter, the Community Foundation deposits scholarships and savings matches into your student's *Imagine Early Fund* and sends home a *Progress Report* and *Fund Statement* for you to share with your students. The funds are invested for growth.

4. Request the Funds

After high school graduation, your student can request a grant from their Fund to be paid directly to the technical school or college where they are enrolled. Funds are available until the student turns 22 years old.
